

HIMA F6251

2-Channel Safety Trip Amplifier

Manufacturer	HIMA Paul Hildebrandt GmbH
Requested model	F6251
Product identification	2-Channel Safety Trip Amplifier
System / family context	Planar F

Verified scope

HIMA's download catalogue lists the Planar F F6250/F6251 certificate. Confirm the exact project function and revision.

No dimensions, ratings, interchangeability or revision claim is added unless it is explicitly within the cited HIMA source scope.

Engineering checks before replacement

- Match the complete model and all visible part-number or revision markings.
- Compare the installed rack, slot, mating connector, wiring or channel assignment with the approved project documentation.
- Use qualified personnel and the applicable HIMA installation, commissioning and safety-validation procedure.
- Do not infer interchangeability from appearance or a similar model number.
