

HIMA F8627

Ethernet Communication Module

Manufacturer	HIMA Paul Hildebrandt GmbH
Requested model	F8627
Product identification	Ethernet Communication Module
System / family context	HIQuad H41q / H51q

Verified scope

Requested Ethernet communication-module identifier for the HIQuad system context.

No dimensions, ratings, interchangeability or revision claim is added unless it is explicitly within the cited HIMA source scope.

Engineering checks before replacement

- Match the complete model and all visible part-number or revision markings.
- Compare the installed rack, slot, mating connector, wiring or channel assignment with the approved project documentation.
- Use qualified personnel and the applicable HIMA installation, commissioning and safety-validation procedure.
- Do not infer interchangeability from appearance or a similar model number.
