

HIMA K7214

Current Distribution Module

Manufacturer	HIMA Paul Hildebrandt GmbH
Requested model	K7214
Product identification	Current Distribution Module
System / family context	HIMA safety-system power distribution

Verified scope

Requested 120 A current-distribution identifier; verify the exact installed assembly and revision.

No dimensions, ratings, interchangeability or revision claim is added unless it is explicitly within the cited HIMA source scope.

Engineering checks before replacement

- Match the complete model and all visible part-number or revision markings.
- Compare the installed rack, slot, mating connector, wiring or channel assignment with the approved project documentation.
- Use qualified personnel and the applicable HIMA installation, commissioning and safety-validation procedure.
- Do not infer interchangeability from appearance or a similar model number.
